Class of...95

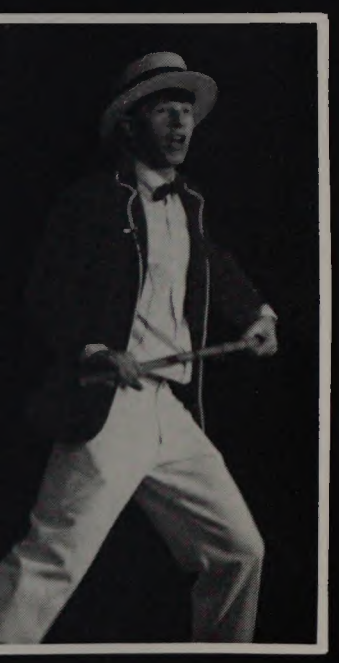

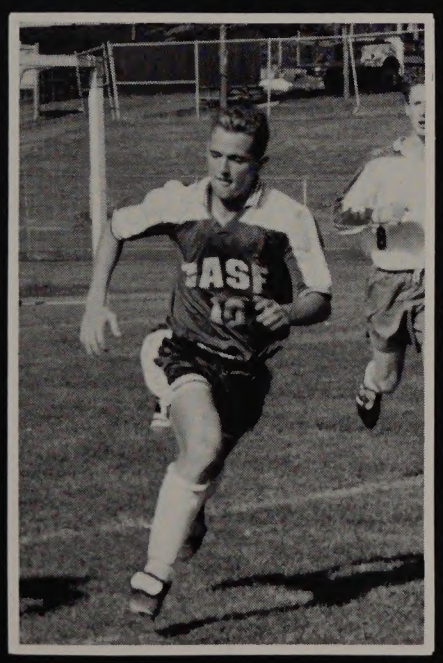

As Good As Gold

The Senior Class Of 1995 Dedicates *The Chief* To *Lawrence Paulhus*

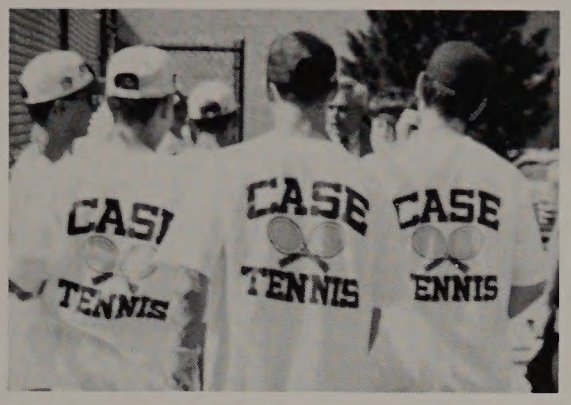

This year, Case is proud to dedicate its yearbook to history teacher Lawrence Paulhus. It's a small honor for such a dedicated teacher. Not only does Mr. Paulhus give his time to the students of Case, but he also freely gives this time, without any reservations.

The yearbook dedication is reserved for those who make Case High a better place. Lawrence Paulhus has done this. Helping students and becoming their friend is something that only a few teachers can do well. Years of experience may have helped Mr. Paulhus but the true dedication of a teacher comes from the heart.

JOSEPH CASE HIGH SCHOOL

FACULTY

Harold G. Devine, Jr. Ed.D.

There are those who would walk past a pile of rocks and think "What an eyesore, why doesn't someone clean this mess." Others would walk past the same rocks and see the potential for a beautiful sculpture just hidden away waiting to be created.

There are some who would view an old car as not worth very much. Others would say "Boy, what I could do with that." The difference in these views is called vision. We all have it. Only a few develop their vision and are truly guided by it. Your vision, with respect to your future and those beliefs that you hold dear, will play a major role in determining your future.

Wise people tell us to "Stop and smell the roses." What I think this phrase truly means is that we must take time to understand what our vision is and how we can best go about obtaining it. Good luck to you all.

Harold G. Devine, Jr., Ed.D.
Superintendent of Schools

Joseph D. Santos
Principal

To the Class of 1995,

I hope the past four years at Case High have been a rewarding and memorable experience. I am proud of the accomplishments of the Class of 95 on all academic, artistic and athletic levels. You have worked hard and are well prepared to meet the challenges of the future.

No matter how far you travel in life, always be proud to say you are a graduate of Joseph Case High School in Swansea, Massachusetts.

Good luck,

Joseph D. Santos

Christine M. Stanton
Vice-Principal

To The Class of 1995 -

Congratulations! As you stand at the threshold of your school for the last time as members of the student body, I hope that you find a renewed faith of courage and confidence to assure your success. The time has come for you to take your place on that endless route over which there are many paths leading to a common goal - success. Seek knowledge and experience and be sharp to recognize opportunity. Neither success nor opportunity will be handed to you freely. You must make it yourself and recognize it when it comes.

Good luck and may you have the vision and courage to attain that goal for which you aim. May you be a positive influence on our world to make it a better place for yourself and those who follow.

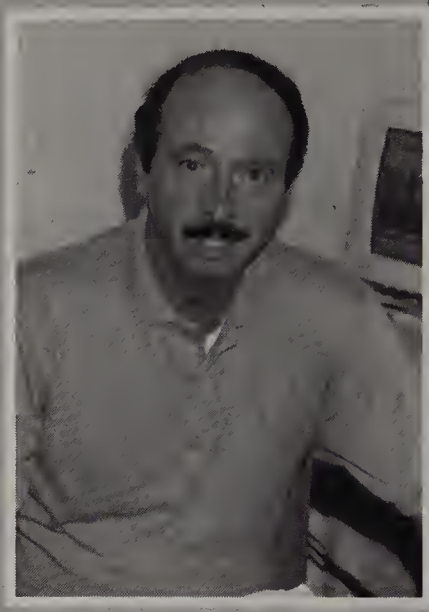

Christine M. Stanton
Vice-Principal

Maybe if they'd had a better education, they would have survived.

The dinosaurs became extinct because they couldn't compete in a changing world. Don't let that happen to you!

In today's world, ***the movers and shakers aren't necessarily the biggest or even the brightest. They're the ones who have the skills that allow them to compete over a lifetime.*** Let St. Anne's Credit Union help you acquire those skills by financing your education in a technical, vocational, college, or graduate school.

One of our financing programs is sure to fit your educational needs, even if your family income exceeds certain limits. We offer:

- Stafford Loans
- Unsubsidized Stafford Loans
- Guaranteed federal loans
- Traditional loans for students or parents
- Traditional loans for student or parent homeowners

So, if you're planning to leave your imprint on this world, stop by or call one of our local offices and we'll be happy to give you all the details.

ST.ANNE'S CREDIT UNION
